

FOSTER HOME REPORT

Attached is a Foster Home Report form. Your completion and submission of this form on a weekly basis will provide critical information needed by the Placement Director to find the best possible home for the dog you've taken into your care. It will also serve as a record in the event of questions or issues that could arise in the future. You can choose to use e-mail, send it in by US mail, or fax it to NEOESR. Let us know your preference.

Following is a quick set of instructions for activities listed on the form that may not be self-explanatory:

Reporting Period - The timeframe of the observations being written; for example, 2/16 - 2/23/04.

Housebroken - How long the dog waits between outings, accidents and possible causes, how effectively/completely housebroken the dog is.

Behavior with People - Is the dog aggressive, submissive, playful, gentle; what is the dog's behavior with children; dog's behavior with strangers, etc.

Behavior with Dogs/Other Animals - How does the dog behave with other dogs, cats, other pets/animals, at home and outside your home.

Eating Habits - How much and how often do you feed the dog? What does s/he like (dry, wet, canned, etc.). Does the dog clean his bowl, etc.

Behavior at Bedtime - Does the dog settle down easily when you want to go to bed at night? Where does the dog sleep?

Recommendations - You can list your recommendations every week, periodically, or after a time period has elapsed when you feel comfortable making recommendations about the right type of home environment for the dog.

Grades - A= Excellent; B= Very Good; C= Generally Good; D= There are occasional issues or behavior lapses, E= There are frequent behavior lapses.
